

TUTORIAL TO THE FOUNDATION OF A NEW „CHESS-GROUP“

If you would like to found a new chess-group within the framework of initiative, you proceed as follows at the best:

If you search for interested ones together, you meet for a discussion.

Designate the group, place meeting place (in a device, privat, cafe, Mc.Donalds, pizzeria, Burger King or other), firm.

Declare time, time rhythm and date of meetings that itself then each notes.

In time tell answer to themselves if you are prevented.

Where appropriated, determine a head of the group.
